CITY WILL GIVE \$500 TO BROWNLEE BRIDGE

Structure Must Be Completed By Cold Weather--Grades Given On Several Streets--Other Doings Of Interest To City People.

The city council Monday night agreed to give \$500 toward the construction of the Brownlee bridge, and that structure is now assured. The provisions are that there must be a walk on each side of the bridge not less than four feet wide, that the bridge must be the best of its kind to be made, and that it must be completed by cold weather. The bridge will cost about \$6,000. It was felt by the council that the new bridge will be of more value to the city than to those outside the city. The county commissioners were granted the right to obstruct the west side of Center street for the purpose of depositing building material for the repairs on the jail.

The Commercial club petitioned for exclusive control of the streets of the city during the week of the Home Coming and Fall Festival. They agreed to pay for all the extra police, and to clean the streets after the fun is over. They asked for the appointment of 50 Commercial club members as special police. The council is ready to grant the request but are having city attorney Hess prepare an ordinance covering the matter fully. The matter of the police was granted.

Grades are to be established on west Harrison, Elliott Ave. and west Madison streets. The city engineer is to make the grades and the city attorney to make the ordinance covering the matter.

Councilman Swindell explained the Kalamazoo system of caring for the garbage of the city. There a company furnishes the cans for the people and takes the garbage away once or twice a week as necessary. They have one can for garbage and one for ashes. The charge is 50c a month where they take the garbage and ashes both away, and 35c where only the garbage is taken away. The council thought the Kalamazoo plan a good one, and are trying to work out something as good or similar for Plymouth.

J. V. Astley was granted permission to place building material on west Washington street. A. C. Kring asked for grade where he has built a sidewalk on Elliott avenue.

City Valuation is \$1,803,000

County Auditor Walker reported the valuation of the city to be \$1,803,000. This is approximate, as the valuation placed on railways and similar corporations is not yet fixed by the state board.

Thomas McDonald petitioned to tap sewer on Walnut street, Chas. Vancamp to tap sewer on Harrison, George H. Krueger to tap sewer on north Michigan and Harrison outlet, Lewis D. and Hattie Reiter to tap sewer on Pearl street. All were granted except that of Mr. Krueger, which was referred to the sewer committee.

The fire department petitioned for new hooks and ladders, and the matter was referred to the fire committee.

Just as Scores of Plymouth People Have

Waiting doesn't pay. If you neglect the aching back, Urinary troubles surely follow. Doan's Kidney Pills relieve backache.

Relieve other kidney ills, Plymouth citizens endorse them. George A. Kleinschmidt, 109 Michigan street, Plymouth, Ind., says: "More than seven years ago I was permanently cured of kidney complaint by Doan's Kidney Pills. I had a dull, heavy backache, so severe that I could hardly do anything and it was difficult for me to lie in bed on account of the pain in my loins. When I was advised to try Doan's Kidney Pills, I did so and soon after I began their use, my trouble disappeared. It has never returned since. I willingly recommend Doan's Kidney Pills, as I know they can be relied upon to cure kidney trouble."

For sale by all dealers. Price 50c Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.
